

CRC 2018 PRESENTATIONS / PRÉSENTATION CCSR 2018

Last Name/Nom	First Name/Pénom	Presentation Title / Titre de la présentation
Ahmad Khan	Faiz	A Brief History of Active TB Treatment: Why We Do What We Do
Ayas	Najib	Treatment of Obstructive Sleep Apnea to Prevent Cardiovascular Complications: Life After SAVE
Beck	James	The Lung Microbiome in Health and Disease
Bhutani	Mohit	The Diagnosis and Management of Patients with Asthma COPD Overlap: A Canadian Perspective
Bouchard	Sarah	To Cut or Not to Cut? What is the Role of Surgery in the Management of Pediatric Lung Lesions
Bourbeau	Jean	Setting the Stage: Why the Need for a Position Paper
Brar	Gurbir	The Great Imitator: An Uncommon Presentation of a Common Disease
Brode	Sarah	Management of Drug Resistant Tuberculosis: Join the Resistance!
Butcher	Scotty	Cardiopulmonary Exercise Testing Workshop: Primer and Pearls
Cafazzo	Joe	Beyond the EMR: The Application of E-Health Technologies in Clinical Respiratory Care
Camp	Pat	Academic Writing: 'Get Your Paper Out!'
Carr	Stuart	The Role of Biologics in Pediatric Severe Asthma: The Who and the Why
Chiang	Jackie	Home Ventilation: Safe Discharge and Monitoring in the Canadian Setting
Dhaliwal	Inderdeep	Management of Malignant Pleural Effusions using Indwelling Pleural Catheters
Fan	Eddy	Creating a Culture of Mobility in the Intensive Care Unit: An Interdisciplinary Team Approach
Field	Stephen K.	Chronic Refractory Cough: What to do When Sprays, Inhalers and Pills Don't Work
FitzGerald	Mark	Health Literacy and Its Impact on Clinical Outcomes
FitzGerald	Mark	Recognition and Management of Severe Asthma: A Canadian Thoracic Society Position Statement
FitzGerald	Mark	When Real World Evidence Meets the Classical Randomized Control Trial: A Spectrum of Evidence Discussion in Respiratory Disease
Granton	John	Separating the Wheat from the Chaff: Cardiopulmonary Exercise Testing in Pulmonary Hypertension
Hambly	Nathan	Diagnosing Common Comorbidities and Complications in Fibrotic Interstitial Lung Disease
Hanly	Patrick	Treatment of Sleep Apnea in the Setting of Heart Failure: Life after SERVE-HF
Helmersen	Douglas	Diagnostic Evaluation of Suspected CTEPH: An Evidence-Based Update
Hernandez	Paul	Improving Dyspnea, Exercise Tolerance, Physical Activity and Quality of Life
Ho	Kendall	Beyond the EMR: The Application of E-Health Technologies in Clinical Respiratory Care
Hoffman	Alan	The Future of Remote Sleep Medicine: The Hybrid Telemedicine/Physician Extender Model for Rural British Columbia
Johannson	Kerri	Advances in the Diagnosis of Chronic Hypersensitive Pneumonitis
Johnston	James	Latent Tuberculosis Infection: Diagnosis and Treatment
Kho	Michelle	Innovative Training Strategies for Mechanically Ventilated Patients
King	Malcolm	Understanding the Past as a Way Forward: Engagement and Inclusivity in Indigenous Peoples' Respiratory Health
Kirby	Miranda	Quantifying the Small Airways in vivo: Findings from the CanCOLD Study
Lands	Larry C.	Pediatric Exercise Testing: For Whom and How
Leasa	David	Proactive Implementation of Non-Invasive Ventilation and Care Planning for Amyotrophic Lateral Sclerosis Patients
Lemiere	Catherine	Recognition and Management of Severe Asthma: A Canadian Thoracic Society Position Statement

CRC 2018 PRESENTATIONS / PRÉSENTATION CCSR 2018

Last Name/Nom	First Name/Pénom	Presentation Title / Titre de la présentation
Levin	Adeera	Patient Engagement in Research: Getting Patients Involved at the Next Level
Lo	Vincent	Exercise During Extracorporeal Membrane Oxygenation: Mobility Guidelines for Clinical Decision-Making
MacLusky	Ian	Pediatric Home Mechanical Ventilation Guidelines Update: Who, What, How
Maltais	François	Cardiopulmonary Exercise Testing Workshop: Primer and Pearls
Manji	Shazmeen	A Cavity to Remember
Marciniuk	Darcy	Cardiopulmonary Exercise Testing Workshop: Primer and Pearls
		Reducing Exacerbations in Stable COPD
Mayers	Irvin	Generic Inhalers and Bioequivalence: A Primer
Migliori	Giovanni Battista	The European Experience: Tuberculosis as a Moving Target
Moores	Lisa	New Developments in Venous Thromboembolism: A Case-Based Discussion
Nicholson	Michael	Legalized Pneumonia
Nicol	Anne-Marie	Immigrant and Foreign Worker Lung Health in Occupational Settings
Noseworthy	Mary	Vocal Cord Dysfunction: A Great Masquerader of Asthma
O'Donnell	Denis	Unraveling the Pathophysiology of Breathlessness in COPD
Olson	Emma	Neonatal and Pediatric Pulmonary Vascular Disease
Pomey	Marie-Pascale	Patients as Partners: Impact and Challenges of a Partnership Relationship Between Patients and Healthcare Professionals
Quon	Bradley	CF and Transplantation: Selection of Patients and Timing for Referral: A Moving Target
Ranger	Francine	One Patient's Perspective: Why I Got Involved and Challenges of Getting Involved
Reading	Jeff	Understanding the Past as a Way Forward: Engagement and Inclusivity in Indigenous Peoples' Respiratory Health
Redding	Gregory	Early Onset Spine and Chest Wall Disorders in Children: Treatment Update
Rimmer	Karen	Home Mechanical Ventilation in Canada: Where We Were and Where We are Now
Rose	Louise	Adult Home Mechanical Ventilation: Transitions, Healthcare Utilization and Costs
Ryerson	Chris	ILD : Update on Diagnosis: Why We Need New Guidelines
