

Interior Health
Every person matters

I came over 20 years ago to do a locum and I never left. Here in the Okanagan Valley, I have found a great work-life balance. I live in an outdoor enthusiasts paradise and I pinch myself regularly that I get to practice here too.

~Dr. Sarah Broder
Penticton Regional Hospital

RESPIROLOGIST OPPORTUNITIES

PENTICTON

Fantastic opportunity for a FRCPC Respiriologist/ General Internist to join the welcoming team at Penticton Regional Hospital. Experience growth and excitement and be a part of the legacy as PRH expands with the brand new Patient Care Tower that just opened in April 2019.

In this full time position you will join three other Respiriologists who do Community Respiriology for a catchment area of over 90,000. One in three weeks you will provide inpatient/hospital coverage and urgent outpatient Respiriology consults; performing procedures such as bronchoscopies and thoracentesis and read the PFTs performed in our level 4 laboratory. During the hospital based weeks, you will participate in the GIM Call schedule and must be comfortable with all aspects of GIM including providing care to ICU patients. On the alternate two weeks, you will work in the community doing outpatient general respiriology and follow up of any GIM patients seen in hospital. We seek a dynamic innovative candidate who is comfortable handling both Respiriology and ICU/General Medicine patients and wants to be

a part of a great team moving into a brand new hospital. Serious applicants will be expected to do a locum as part of the recruitment process.

Apply today to live, work, and play where others only vacation! It's better here!
