

## Past Recipients of the ICRH-CTS Distinguished Lecture in Respiratory Sciences Award

	Name of Awardee	Affiliation	Year Awarded	Research Area	Research Interest
1	Dr. Francois Maltais	Université Laval	2006	Clinical	Chronic Obstructive Lung Disease
2	Dr. Gregory Downey	National Jewish Medical and Research Center, Denver, CO	2007	Biomedical	Cystic Fibrosis of the lung; immunology; biochemical genetics
3	Dr. Paul O'Byrne	McMaster University	2008	Clinical	Asthma
4	Dr. James Martin	McGill University	2009	Clinical	Asthma; respiration; immunology; physiology
5	Dr. James Hogg	University of British Columbia	2010	Clinical	Pathology, pulmonary physiology and molecular biology
6	Dr. Qutayba Hamid	McGill University	2011	Biomedical	Recent Advances in the Pathogenesis of Asthma
7	Dr. Shaf Keshavjee	University of Toronto	2012	Biomedical	Transplantation; bioengineering
8	Dr. Martin Post	University of Toronto	2013	Biomedical	The Developing Lung
9	Dr. Louis-Philippe Boulet	Université Laval	2014	Clinical	From Asthma Pathophysiology to Knowledge Translation
10	Dr. Magdy Younes	University of Manitoba	2015	Biomedical	Advances in the Investigation of Sleep Disorders
11	Dr. Peter Paré	University of British Columbia	2016	Biomedical	Genetic Testing for Respiratory Disease: Are we there yet?
12	Dr. Arthur Slutsky	University of Toronto	2017	Clinical	Lung Protective Ventilation: What is it and why is it important?
13	Dr. Denis O'Donnell	Queens University	2018	Clinical	Unraveling the Pathophysiology of Breathlessness in COPD
14	Dr. Dick Menzies	McGill University	2019	Clinical	Treatment of Latent TB Infection: Safety first. Time to Move on from INH
15	Dr. Don Sin	University of British Columbia	2020 lecture delivered in 2021	Clinical	COPD in the Era of Precision Health
