

Friday, April 8th, 2022

18:15 – 19:30 Panel Discussion

PRO/CON Debate: Earlier escalation of pharmacologic treatment in COPD management

Panelists: Dr. Charlie Chan and Dr. Joshua Wald

Moderated by Dr. Mohit Bhutani

This session is co-developed by the Canadian Thoracic Society and GSK and is planned to achieve scientific integrity, objectivity and balance

Friday, April 8th, 2022

18:15 – 19:30 Panel Discussion

Panelists: Dr. Charlie Chan and Dr. Joshua Wald

Moderated by Dr. Mohit Bhutani

PRO/CON Debate: Earlier escalation of pharmacologic treatment in COPD management

At the end of this presentation, attendees will be able to:

- 1) Discuss choosing the right treatment for the right patient including mechanisms of action and determining responsiveness
- 2) Safety: Understand how appropriate treatable traits and clinical features of disease can inform clinical decision making on escalation of COPD Treatment
- 3) Patient outcomes: Discuss how patient outcome, expectations and safety considerations can affect the choice of COPD therapy for patients at varying progression of COPD disease (including mortality)

The GSK logo, consisting of the lowercase letters "gsk" in white, set against an orange circular background.

This session is co-developed by the Canadian Thoracic Society and GSK and is planned to achieve scientific integrity, objectivity and balance
