

Hiring Respiriologist

In Nanaimo, BC

The Island Health Division of Respiriology has an opportunity for a full time General Respiriologist to join two others providing shared respirology services at Nanaimo Regional General Hospital. This includes clinics, PFT interpretation, bronchoscopy and hospital consults.

The successful candidate will hold Royal College Certification in Respiriology and be eligible for full licensure with the College of Physicians and Surgeons of BC.

Nanaimo Regional General Hospital (315 acute care beds) is the regional referral hospital providing services to an immediate population of 125,000 and a secondary referral population of over 350,000. Hospital based services include EEG, EMG, a rehabilitation inpatient unit, CT and MRI.

Academic affiliation with the University of British Columbia (UBC) and the Island Medical School postgraduate and undergraduate programs is available, and Nanaimo Regional General Hospital is a UBC Postgraduate Family Practice Residency Program site with 16 family practice residents.

At Island Health, we recognize, gain knowledge and respect the differences in each individual we serve. The right to feel culturally safe is for everyone.

Community Information

Nanaimo is a vibrant community rich in history and culture. The city is home to over 104,000 residents, making it one of the largest urban centers on the island. Nanaimo boasts a dynamic economy and a thriving arts scene, all set against the backdrop of its stunning waterfront and lush forests. This forward-thinking city places a strong emphasis on sustainability and community well-being, fostering an inclusive environment for all its residents.
