Option 2

Treat the decorative material with a flame retardant solution (Pyroguard or other similar products can be purchased from your local fire/safety supplier). Once the fabric has been treated a burn test must be conducted on each piece of fabric used to decorate the booth.

Listed below are the materials required and the procedure to conduct a burn test:

If you have any questions on how to conduct the flame test, please call the City of Calgary 311 or if you are outside of Calgary call 403-268-2489 and they will arrange to have someone from the Calgary Fire Department return your call.

DECORATIVE MATERIAL –FLAME TEST CONTINUED

CAUTION

- This method does involve an open flame and unknown factors of how fast and how the material will burn.
- Be sure to work in a well-ventilated area and over a nonflammable surface. Have a fire extinguisher or a large container of water at the test site.
- Some fabrics will ignite and melt. The result is burning drips which can adhere to fabric or skin and cause a serious burn.

REQUIRED MATERIALS

- Material to be tested
- A pair of tweezers, metal tongs or long steel pliers
- An igniter (match, lighter, etc.).

- A non-flammable work surface
- Container of water
- Catch container (something that will not burn)
- Fire extinguisher

PROCEDURE

1. Cut off a piece of the material (approximately 8 inches in length).
2. With the tweezers, hold the piece of material over a non-flammable catch container.
3. With the match or lighter, set the piece on fire and hold for 12 seconds.
4. Watch how the material reacts to the flame.
5. If the fabric passes or fails:

Failed Test: If the material combusts, it is deemed non-self-extinguishing and does not meet CAN/ULC-S109 standards. The fabric will need to be re-treated.

Passed Test: If the fabric passes, put the piece of fabric in a plastic bag. Label it with the date the test was conducted, your booth number and company name. Information on the product used the MSDS sheet for the product used. Have this bag in your booth for when a CTCC Representative comes to the booth or the Calgary Fire Department Inspector.

It is recommended that approval be obtained from the CTCC for all decorative material prior to setting up your booth.
