Job Description

The Saskatchewan Health Authority (SHA) is seeking a highly skilled and team-oriented Thoracic Surgeon to join three cardiothoracic surgeons within the Department of Surgery in Regina, Saskatchewan. Candidates must possess comprehensive fellowship training in Thoracic Surgery including Lung, Esophagus, Upper GI and Chest wall surgery. Preference will be given to candidates with specialized training and experience in minimally invasive/Robotic techniques and complex thoracic procedures. Preference will be given to applicants with Royal College of Physicians and Surgeons or American College of Surgeons certification.

The successful candidate will be provided with guaranteed weekly OR access and ample procedural time in the ambulatory care and endoscopy units. The thoracic surgery program is fully supported by a top-tier Anesthesiology, critical care and nursing team. The new surgeon will be part of a collaborative environment with a 1 in 3 call rotation. Care will be provided at the Regina General Hospital, a 450 bed tertiary care and trauma hospital supported by a full complement of Surgical, Medical and Diagnostic Imaging subspecialties. Call coverage is a mandatory aspect of this position.

Candidates must demonstrate extensive experience and training in thoracic surgery suitable for an academic tertiary care level referral centre. The successful candidate will also need to show strong interpersonal and collaborative skills and the ability to contribute to the clinical and academic advancement of the SHA. A commitment to research and surgical education at all levels is expected.

The Saskatchewan Health Authority (SHA) is dedicated to learning and is a partner in the growing educational needs of medical students and residents from the College of Medicine, University of Saskatchewan. Members of the department are eligible for appointment to the faculty of the College of Medicine, University of Saskatchewan, and take part in academic services, including teaching of undergraduate and postgraduate learners.

Job Qualifications

Candidates in consideration will hold Royal College of Canada certification in Thoracic Surgery and be eligible for licensure with the College of Physicians and Surgeons of Saskatchewan.

This individual should be a team player, be able to interact effectively with patients, colleagues, staff and management, and function well in a high volume environment with a commitment to the provision of high quality patient and family-centered care.

All qualified candidates are encouraged to apply; in accordance with immigration requirements, preference will be given to citizens and permanent residents of Canada.

The SHA is committed to building a representative, diverse, inclusive and culturally responsive workforce. We are committed to the Truth and Reconciliation Calls to Action. We work in the spirit of truth and reconciliation, acknowledging Saskatchewan as the traditional territory of First Nations and Métis people.

Benefits

Benefits are the responsibility of the candidate.

Additional Information

The Community

Regina is the capital of Saskatchewan, Canada and is a beautiful oasis on the prairies with a steadily growing population exceeding 271,000. According to the most recent rankings, Regina was ranked 17th nationally in Maclean's Best Communities in Canada 2021. The city scored well in key areas such as affordability, commute times, and access to amenities. Regina continues to attract new residents, contributing to a dynamic and diverse community. From 2021–2024, Regina achieved an impressive population growth rate of approximately 19.7%. Regina is known for its generous, friendly people and rich community pride. This welcoming prairie city has an abundance of parks, sports and recreational facilities, bicycle pathways, family attractions and an exceptional quality of life. Regina has been designated as a "Tree City of the World" by the United Nations for two consecutive years.

The Saskatchewan Health Authority

The SHA is the largest organization in Saskatchewan, employing over 44,000 employees and physicians responsible for the delivery of high quality and timely healthcare for the entire province. We are driven by the commitment to improve frontline patient care for Saskatchewan people, and we are working together to better coordinate health services across the province to ensure that patients receive high quality, timely healthcare, wherever they live in Saskatchewan.

The start date for this position is negotiable. Applications will be accepted until the position is filled.
